

Safe Haven 5

The power of 5

Reduce over 80 chemicals in your home!*

Our Safe Haven 5 Set has three microfiber cloths, Power Cleaning Paste and your choice of laundry detergent – everything you need to save money and create a healthier home.

*The Safe Haven 5 Set and water reduce over 80 chemicals typically used in your home. Based on a comparison of Norwex Safe Haven 5 to 18 retail brand cleaning products, 2020.

Sharing a cleaner, safer way of living
by reducing harmful chemicals in everyday lives.

1 EnviroCloth®

Densely woven, superfine Norwex Microfiber physically removes up to 99% of bacteria from a surface using only water when following proper care and use instructions. BacLock®* helps keep the cloth fresher longer.

2 Power Cleaning Paste

Combining efficiency and eco-friendliness, this is your ever-lasting, do-everything, "elbow grease in a jar." With just a small amount, you can swipe or scrub away scuff marks, rust stains, permanent marker and much more.

*BacLock is an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odor-causing bacteria, mold and mildew. BacLock does not protect people from disease-causing pathogens.

3 Dusting Mitt

Thick, plush microfiber creates static electricity that attracts dust like a magnet. Breathe easier by eliminating expensive, chemical-laden sprays and polishes.

4 Window Cloth

Get all the shine and none of the streaks. Silky microfiber brings a sparkle to windows and other smooth surfaces. No harmful chemicals or wasteful paper towels needed.

5 Laundry powder/liquid/strips

Powder people enjoy measuring the exact amount of detergent they need every time. Others love liquid for its ease and convenience. And strips offer our most convenient and environmentally friendly option yet with no plastic packaging.
