35 cm x 26 cm / 13.78" x 10.24"

Your hook/what it is

This extra-absorbent microfiber cloth helps you grab, trap and eliminate kitchen messes using only water. Perfect for wiping countertops and soaking up spills

Why you need it

Abrasive cleaning solutions leave a film of broken-down dirt, grime and chemicals dried on your countertops. But most cloths just push the dirt around and become soggy quickly.

Features & benefits

- Densely woven, superfine Norwex Microfiber physically removes up to 99% of bacteria from a surface with water alone when following proper care and use instructions
- Norwex Microfiber uses a combination of static electricity and capillary action to pull dirt and grease up into the fibers and away from the surface
- Saves time, money and the environment with chemical-free cleaning and no paper towels
- Made from 70% recycled microfiber yarn
- Super-soft, absorbent and fast-drying
- Less lint than traditional cotton cloths, so this cloth helps provide a friendlier environment for allergy-sensitive individuals
- Non-abrasive and safe on most kitchen surfaces
- Colors complement our Kitchen Towels
- Available as part of money-saving sets
- BacLock® protects the cloth by inhibiting odor in the cloth, which means it's ready to use again and again
- OEKO-TEX® STANDARD 100 keeps you and your family safe by testing each component of a certified product against a list of over 1,000 harmful substances

How to use

- Use to clean sinks, dirty countertops and much more. Perfect for all types of hard surfaces, including stainless steel, enamel, ceramic, glass, chrome, granite, marble, wood, tile and china.
- Not recommended for use on easily scratched surfaces such as brushed stainless steel and surfaces with special coatings. Always test Norwex Microfiber on an inconspicuous spot. *Not for use on anti-glare surfaces.*

Microfiber care

Wash dirty microfiber with a Norwex laundry detergent and avoid bleach, fabric softeners and dryer sheets. *For complete instructions, please visit www.norwex.com/microfiber-care-use.*

How to share

Demo

- Sprinkle some pepper on your Host's kitchen counter, then use a damp Kitchen Cloth to pick it all up in just one swipe!
- Point out the color options and striped vs. solid weaves of matching Kitchen Towels

Share it on social

- Use the shareable product information graphic on page 2

Complementary products

- Kitchen Towels
- Multipurpose Everyday Cleaner Concentrate
- SpiriSponge
- Counter Cloths
- Dish Mat
- EnviroSponges

(continued on next page)

*BacLock is an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odor-causing bacteria, mold and mildew. BacLock does not protect people from disease-causing pathogens.

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.

You can trust OEKO-TEX® STANDARD 100 certified products because they have been laboratory tested with strict scientific standards to protect your health.
